Summary

Solving problems is a passion of mine, even before I started coding.

I've been working on the front end building web applications primarily with JavaScript, CCS3, and HTML5, and on the back end with Node.js.

In my spare time, I am a gamer, lover of all kinds of art, an artist, passionate about human interactions, and learning new things, especially languages, human and non-human.

Experience

Atendente Bilíngue Jr

Algar Tech

Sep 2021 - Mar 2022 (7 months)

I worked as support for customers of an international streaming service, helping to update their accounts and fixing bugs in a cross-platform app.

Operador de Cobrança JR

Algar Tech

May 2020 - May 2021 (1 year 1 month)

I worked as a debt collector for a Brazilian banking institution, dealing with daily meetings, changes on scripts, and offers.

Skills

JavaScript • Git • Node.js • HTML5 • Express.js • Cascading Style Sheets (CSS) • Adobe Photoshop • GitHub • Teamwork • CRM Databases
